# UNITED BUY BYE

## Micromarket cabinet

It is a futuristic view for self-service food sales with smart sensor combination, mobile payment technology for a convenient, fast and secure shopping experience, in a refrigerated plug-in cabinet.

Using their mobile device, consumers choose, pick-up, return and pay for the product they want at the time that is most convenient for them.

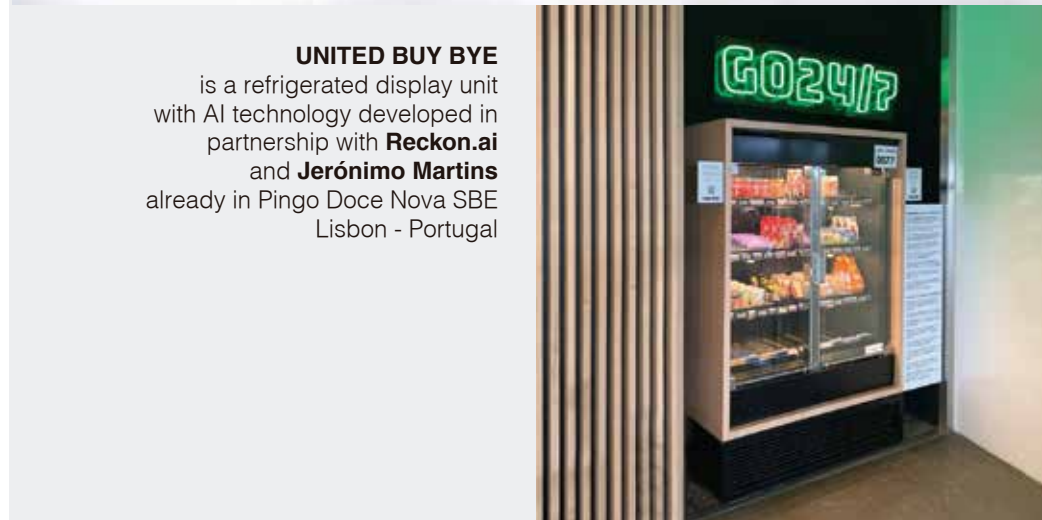

Grant your  
**ROI**  
and the best  
**ROX**  
(return on experience)
